

SIMONE SOLDATI

SOUND ENGINEER, SOUND DESIGNER

ABOUT

Audio Professional & Sound Designer with experience in high-end music production at Fonoprint Studios and a BA in Audio Production from SAE Milan. Specialized in sound design and mixing, with a strong focus on crafting high-quality, responsive soundscapes. Combining artistic creativity with technical precision, I create balanced and immersive sonic experiences optimized for their final environment. My goal is to deliver audio that enhances emotion, clarity, and overall user experience.

EDUCATION

SAE MILANO

*Bachelor of Arts
in Music
Production and
Sound Engineering
2022 - 2025*

Core topics: mixing, mastering, sound design, acoustics, music theory, audio for games/film, implementation with Wwise.

SAE MILANO

*Urban Music
Production
Certification
2019 - 2021*

Focused on beatmaking, mixing, genre-specific production techniques, and modern workflows within urban and contemporary music styles.

AUDIO EXPERIENCE

INTERM - FONOPRINT STUDIOS

Bologna, IT - Oct2024 → March 2025

Assisted in recording, editing, and mixing sessions in a first-class professional analog/digital hybrid studio. Supported engineers during vocal and instrument tracking, setup, and client sessions. Developed technical knowledge and real-world workflow efficiency.

AUDIO/LIGHT ENGINEER Amsterdam, NL May 2026 - present

At BRET, one of Amsterdam's most distinctive venues for electronic music, I work as a Lighting and Audio Engineer. I handle audio setup, live lighting operation, and technical support for artists and DJs during club nights and events.

FREELANCER

March 2025 - present

Sound Engineering & Mixing - Full-scale mixing and post-production for independent music projects and full-length albums.

Sound Design for Media - Creating soundscapes and audio assets for commercials and video games, focusing on immersive storytelling and interactive audio experiences.
